

**DRAFTER'S NOTE**  
**FROM THE**  
**LEGISLATIVE REFERENCE BUREAU**

LRB-1526/1dn  
EVM:wlj:rs

March 19, 2013

ATTN: Rep. John Jagler

This draft uses a variant of your suggested definition of sanitation worker. Please review the definition to ensure it meets your intent. While sanitation workers will include only those engaged in, basically, solid waste collection and transport activities, the definition is not explicitly limited to professional or official services. The term could be interpreted to include anyone performing the covered activities, including scrap metal collectors, self-transporters, and so forth. Please let me know if you have any questions or further instructions.
